

# GLENVIEW NEWS

March 2013

## GLENVIEW AVENUE UTILITY WORK TO BEGIN IN EARLY MARCH

As part of the Zoo Interchange project, the Wisconsin Department of Transportation (WisDOT) will be making improvements to 84th Street / Glenview Avenue. Construction is planned for May through August of 2013.

In advance of the roadway reconstruction numerous utilities will be working in the area to relocate their facilities.

The City of Wauwatosa began work this week on watermain installation. This work will involve lane closures on 84th Street / Glenview Avenue that will continue through the next two months.

During the watermain construction, WE Energies will be relocating gas main and ATT will be working to move communications lines.

The project team appreciates your patience during this period of intense construction in your neighborhood.

## WHAT TO EXPECT DURING CONSTRUCTION

Some construction activities are likely to create noise and/or dust, and some work may be conducted at night during the course of the project. Be assured that we always work hard to minimize the impact of these events, but, if you have a concern, please do not hesitate to contact us so that we can address the issue immediately.

### Stay Informed

- Visit us on the web at [www.zoointerchange.wi.gov](http://www.zoointerchange.wi.gov) to view the latest project information, sign up for periodic mail and e-mail updates, or leave a comment for the project team.
- Call the project team members listed in this update and we will be happy to address your questions.
